

14225W Court Oreilles Lake Drive
Hayward Wisconsin 54843
14 Sept 2015

Preliminary ideas of Edmond C. Packee

Retention (assumes properly maintained/safe condition)

Stairs/walkway
Piers (attached to shoreline—if not attached, then DNR)
Pier material (proper seasonal storage)
Boat—seasonal storage
Boat lift—seasonal storage
Portable bench/chairs
Swings,
Hammock
Fire pits
Wood for burning in fire pit (not home heating)
Flagpoles
Bird houses/feeders including post/pole
Items for people with disabilities
Wood light poles with power
Erosion control/bank stabilization items (not concrete or concreted rock walls—unless pre-existing)
Bank retaining walls (wood), where absolutely essential

Category: Removal

Propane/LNG tanks
Liquid Fuel tanks except for 5-6 gallon boat fuel tanks
Commercial materials
Abandoned/unlicensed vehicles and/or parts (regardless of condition)
Abandoned/discarded materials (boats, docks, sheds)
Metal scrap
Brush piles from private property
Yard trimmings/waste (leaves)
Wood pile (for home heating)
Boat trailers/other trailers even if for seasonal (summer storage)
Debris of any kind
Non-boat related sheds
Satellite dish and post
Driveway only if in lakeshore or streamside access strip
Roads; several plat maps show roads (solid lines) extending all the way to lake; others are dashed lines;
some even have solid line on one side and dashed line on other—this suggests roads extend all the way to the lake shore
Hence driveways A) WITHIN RIPARIAN ZONE should be relocated (removed)
B) OUTSIDE RIPARIAN ZONE: should be brought
Drain tile—can be moving nutrients toward lake
Septic tanks/vents—give time
No soil tilling
Concrete posts, driveways (asphalt)

Category: non-permanent items (especially pre-existing)

Detached decks removable/semi-permanent (size equal to boat house roof (20 X 10 ft) and no boat house
Boat related sheds (fishing gear, outboard, water skis, life jackets) and no boat house
Chair lifts/trams
Parking on road access above riparian zone—follow Town regulations
Fences
Patios
Landscaping—encourage return to native cover
Gardens (no tillage)

Category: permanent features

Homes/house (concrete, wood, attached decks, stairs)
Stone/concrete boat houses/foundations (existing)
Wells (until need to be redrilled)
